I am an experienced Laravel and React JS developer with expertise in API development. I have a proven track record of creating robust, scalable web applications that meet the unique needs of businesses. I am passionate about delivering excellence and staying up-to-date with the latest industry trends. I have strong problem-solving and teamwork skills, and I am committed to delivering high-quality work.

## Work Experience

### Horizon Technologies

Laravel Developer

(July 01, 2022 - Present)

I served as a dedicated Laravel developer, contributing my skills and expertise to deliver exceptional results. During my tenure, I focused on building robust RESTful APIs and complex web applications using the Laravel framework. I played a key role in designing and implementing efficient database architectures, ensuring data integrity and performance.

### Horizon Technologies

Junior Laravel Developer

(November 01, 2021 - June 01, 2022)

I started my journey by just using basic concepts of the Laravel. During this phase, I focused on grasping the fundamental principles and core functionalities of Laravel. In my initial work experience, I was involved in creating the backend for e-commerce-type projects. I developed functionalities such as handling product catalogs, managing user authentication, and processing orders.

### Web invaderz

React Js & Laravel Developer

(June 01, 2021 - December 01, 2021)

In my role as a junior developer there, I actively contributed to the development of web applications by implementing backend functionalities using Laravel. I was involved in creating RESTful APIs, managing database interactions, and handling data storage and retrieval. On the front-end side, I utilized React.js to build interactive and user-friendly interfaces.

## Education

### Bahria University

Bachelor's degree

(January 01, 2018 - January 01, 2022)

### Bahria College Karsaz

Intermediate, Computer Science

(July 15, 2015 - July 15, 2017)

## Projects

### Blockchain Ride

Developed an API for a ride-hailing app similar to inDriver.

(February 01, 2023 - June 01, 2023)
